NEWSSHOP – New Products

ROLINE S/FTP Patch Cord Cat.6A / Class EA, Stranded, TPE, LSOH, Tangle Free

DATA CENTER
ProductCat.6A
Class EA

S/FTP

Assembled double shielded (PiMF) twisted pair cable category 6A with shielded RJ-45 connectors on both sides. For connecting an IP camera.

Patch cord for networking connections between devices in combination with application (e.g. connection to surveillance cameras)

- Prepared double shielded Twisted Pair cable with screened RJ-45 connectors on both ends
- Durable due to moulded kink protection
- Suitable for PoE applications and multimedia applications where the extension is working over TP
- High quality plugs with gold plated contacts
- Contact settings 1:1, in accordance with the EIA/TIA 568 standard

- Construction: 4-pair stranded copper wire, complete braid shielding, pairs shielded with aluminium foil
- Tangle free

ROLINE U/UTP PatchCord Cat.6A, Component Level, LSOH, Slim

100% Component Level Tested

Cat.6A
Class EA

U/UTP

- Patch cable for networking connections between devices.
- Prepared unshielded Twisted Pair cable with RJ-45 connectors on both ends.
- Durable due to moulded kink protection.
- **Slim, flexible cable, suitable for narrow bending.**
- Contact settings 1:1, in accordance with the EIA/TIA 568 standard.
- Construction: 4-pair stranded copper wire.

ROLINE U/FTP PatchCord Cat.6A, Component Level, LSOH, Slim

100% Component Level Tested

DATA CENTER
Product

Cat. 6A
Class EA

U/FTP

Category 6A twisted-pair patch cable with RJ45 connectors on both sides. Particularly thin and flexible cable with individual pairs of wires in aluminium laminated foil for use in confined spaces, such as in data centres.

- Durable thanks to moulded-on kink protection
- Suitable as patch cable in patch panels or as device connection cable and intended for use in the LAN
- Contact assignment: 1:1 according to EIA/TIA568, 8 cores
- Structure: 8 cores stranded wire, pairs shielded with alu-laminated foil

NEWSSHOP – New Products

VALUE Field Plug Cat.6A/Class EA, STP, Screwed Strain Relief

- Fast and easy tool-free installable shielded RJ45 connector
- Cat.6A / Class EA performance according to ISO/IEC11801 and IEC60603-7-51
- Compact cable manager for round Solid cable AWG 23-26(1/0.41-1/0.575mm) and stranded cable AWG 24-26(7/0.16-7/0.20mm)
- For cable with outer diameter OD: 6.0 - 8.5mm
- Pair management according to TIA 568B and TIA 568A colour codes
- Suitable for the PoE plus (IEEE 802.3at) applications
- Robust zinc die-cast housing
- Easy, quick and reliable installation, no special tool required
- The ring ensures 360° forwarding of the shielding of the cable to the shielding of the plug
- Black dust cup and boot
- Color: silver

Tool-free

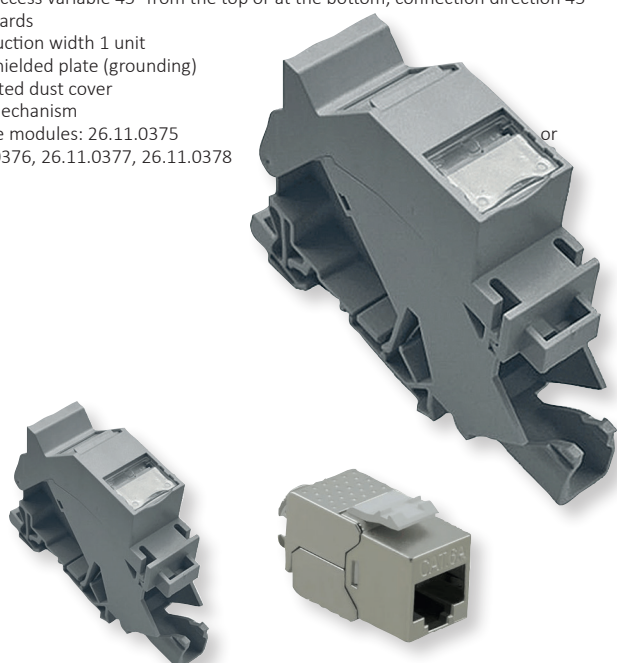

VALUE Field Plug Cat.6A/Class EA, STP, screwed strain relief
Order-No. – P.U.
26.99.0374 – 50

NEWSSHOP – New Products

VALUE 19" Cable Entry 1U with Brush Seal, with cable support plate

DATA CENTER
Product

19" cable guide with bristles, black metal, for horizontal or vertical cable routing

- Cable routing for server or data cabinet environments
- Suitable for mounting on all 19" data racks and server racks so cables can be neatly laid- important for greater reliability of connections throughout the cabinet
- Bristled cable routing provides perfect storage for your network cables and helps ensure a neat 19-inch cabinet, vertically or horizontally
- Makes the installation cleaner and more professional
- Quality metal plate
- The opening of the panel has a brush strip, which prevents damage to patch/installation cables that are fed through
- A rear storage surface with cable fixing brackets enables optimum cable management in your 19" network or server enclosure
- Opening with brush strip (HxW: 30x400 mm)
- Shelf with cable fixing brackets (WxD: 480x100 mm)

Order-No. – P.U.

VALUE 19" Cable Entry 1U with Brush Seal, with cable support plate 26.99.0420 – 5

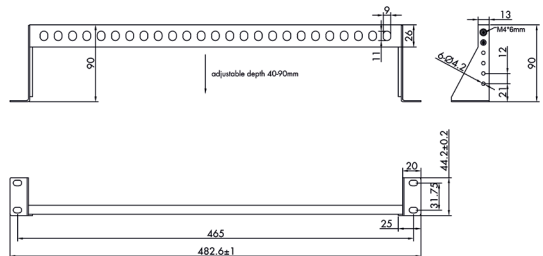

Available January 2026

VALUE 19" 1U Rack Mountable Cable Management Bar (horizontal) with adjustable Depth

DATA CENTER
Product

19" cable guide 1UH, black, for horizontal cable routing

- Cable support guide for 19" server or data cabinet environments
- Suitable for mounting on all 19" data racks and server racks so cables can be neatly laid- important for greater reliability of connections throughout the cabinet
- Horizontal cable guide for patch panels /network switches / PDUs
- Reduces cable and connector strain, improving the airflow in racks and cabinets
- Prevents sharp cable bends at connector ends (patchcords) and alleviate port/connector strain relief by securing the cables
- Dual Mode Installation- allows inwards or outwards installation relative to the rack mounting posts bar allowing an optimal cable routing
- Adjusting Depth: 40- 90mm
- Flexible cable Installation- features 25x lacing holes with a diameter of 9mm along the cable guide bar
- Hook and loop ties can be used to keep cables secured to the cable management bar
- 1U quality metal plate
- Contents: 19"-Cable Management Bar, 4x M6x16mm (mounting material)

Order-No. – P.U.

VALUE 19" 1U Rack Mountable Cable Management Bar (horizontal) with adjustable Depth

26.99.0435 – 5

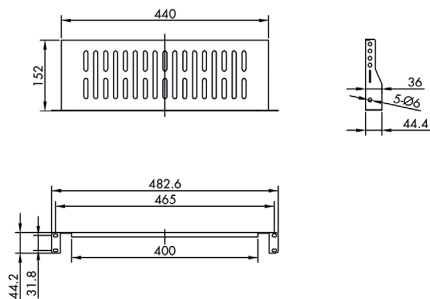

Available January 2026

VALUE 19"-Fixed Shelf, 485 x 150/250/350/400mm, max. 10 kg / 25 kg, 1UH, U-Shape

Fixed shelf for installation in 19-Inch cabinets and wall-mounted enclosures

- 19" fixed shelf with maximum load capacity of 10 kg / 25 kg
- Contents: Mounting rack, mounting screws

VALUE Server Rack Depth Extension 1U, Metal

DATA CENTER
Product

- For mounting on 19" angle profiles
- Server rack mounting adapter kit
- Versatile, suitable for NVRs, switches, routers in data/audio/IT racks
- The depth adapter kit offers an efficient way to store and organize devices
- The server rack depth extension adapter kit reduces or extends the installation depth of your wall rack by 10 cm / 15 cm
- Can prevent cables from protruding from the network cabinet and minimize the effects of cable loads with high-density cabling
- Easy to install
- Robust, durable, compact
- Material: Steel
- Contents: 4x M6 cross screws, 4x M6 washers, 4x M6 cage nuts

Order-No. – P.U.

NEWSSHOP – New Products

ROLINE Type C Multiport Docking Station, 4K HDMI, 2x USB 3.2 Gen 2, 1x C PD (Power Delivery), 1x GbE

The USB Type C Docking Station provides your MacBook, Ultrabook, Notebook or Laptop with a 4K capable HDMI port, 2x USB 3.1 / USB 3.2 Gen 2, 1x USB Type C PD (Power Delivery) and 1x Gigabit Ethernet!

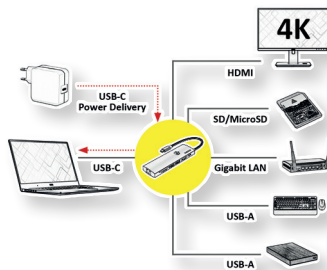

- With One Key On /Off Screen Function for the HDMI port
- Plug & Play
- Aluminium housing in space grey
- Multiport Docking Station with HDMI connection, allows the expansion of a display or mirroring to another monitor, television or beamer.
- Max. Resolution: 3840x2160 at 60Hz (4:4:4)
- Compact and flat design.

Connection to the mobile device:

- 1x USB Type C connector

Connections for peripheral devices:

- 1x HDMI 4K video output: Mirror or expand your screen to a TV, monitor or projector.
- 2x USB 3.1 / USB 3.2 Gen 2 Type A ports (data transfer rate up to 10Gbit/s), for connecting e.g. keyboard/mouse, USB HDD/SSD, etc.
- 1x USB Type C PD (Power Delivery, max. 100W)
- 1x RJ45 for Gigabit Ethernet
- 1x SD/TF port (Support SD and TF card data transfer rates up to 104MB/s)

Ports and Interfaces

1. USB-C Male: Connect to the USB-C Enable Laptop/Notebook with Audio Video Output
2. RJ45 Port: Gigabit Ethernet port
3. TF (Micro-SD) Card Slot: Connect to the TF (Micro-SD) Card
4. USB 3.2 GEN2: USB-A port to connect the USB 3.2 gen 2 (10Gbps) standard device

ROLINE Type C Multiport Docking Station, 4K HDMI, 2x USB 3.2 Gen 2, 1x C PD (Power Delivery), 1x GbE

VALUE Type C Video Cable, USB-C (DP Alt Mode) Extension Cable C-C, M/F

4K

2160p

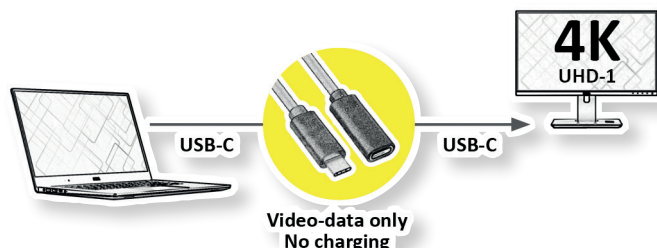

3D capable

For screen transmissions in excellent quality with resolutions of up to 3840x2160 / 4096x2560 @60Hz!

What is a USB-C DisplayPort (DP Alt Mode) Cable?

- Cables with Type-C connector can offer DisplayPort technology via an alternative mode (Alt mode).
- Alt Mode allows USB-C ports to transfer data/video via multiple interfaces, including DisplayPort video interface
- The USB-C ports capable of transferring DisplayPort signals are called USB-C DisplayPort or DP Alt Mode
- Allow to connect video sources (e.g. PCs, Blu-Ray players, etc.) and display devices (e.g. TVs, projectors, etc.) that support DisplayPort to each other via their USB-C ports
- The main confusion over USB-C DisplayPort cables emerges because not all USB-C ports, available on the hardware (e.g. notebooks...) features the DisplayPort Alt Mode functionality
- For screen transmissions in excellent quality with resolutions of up to 3840x2160 / 4096x2560 @60Hz!

Remark: Support of „Alternate Mode (DP Alt Mode)“ required

Order-No. – P.U.

ROLINE Cable USB4 Gen3x2 with Emark, 80Gbit/s, 240W, C - C, M/M

80Gbit/s 240W 48V / 5A

High quality USB 4 Gen 3x2 cable with the reversible USB-C connector on both ends for data transfer rates of up to 80 Gbit/s and USB Power Delivery up to 48V / 5A (240 W).

- High quality USB4 Gen 3x2 cable with improved shielding
- With the reversible Type C connectors at both ends
- Gold-plated contacts for low wear at high plugging cycles
- Suitable for data transfer rates of up to 80 Gbit/s
- Supports USB Power Delivery to 48V / 5A

The major benefits of the USB4 includes faster transfer speeds (up to 40 Gbit/s), a better management of video bandwidth (using a process called „protocol tunneling“ that sends DisplayPort, PCIe and USB packets at the same time while allocating bandwidth accordingly) and optional compatibility with Thunderbolt 3 products.

Order-No. – P.U.

ROLINE HDMI 8K (7680 x 4320) Ultra HD Cable + Ethernet, Slim, Flexible, M/M

High quality HDMI cable with HDMI connectors for optimal transmission of digital UHD signals at data rates up to 35.8 Gbit/s. For transfer of films in digital cinema quality with up to 8K at 60Hz.

- HDMI Ethernet Channel- Adds high-speed networking to an HDMI link, allowing users to take full advantage of their IP-enabled devices without a separate ethernet cable
- Audio Return Channel- Allows a HDMI-connected TV with a built-in tuner to send audio data „upstream“ to a surround audio system, eliminating the need for a separate audio cable
- 3D- Defines input/output protocols for major 3D video formats
- 8K support- Enables video resolutions up to 4320p @60Hz far beyond 1080p, supporting next-generation displays
- Cable with HDMI male connector on both sides
- High quality cable with golden metal connector housing and shell for better shielding
- Gold plated contacts for higher durability

VALUE 19-Inch Wall Mount Cabinets

The VALUE wall-mounted enclosures have been specially developed for flexible network cabling. Both the base plate and the roof are equipped with punched-out cable inlets. There is also a punched-out area in the roof to accommodate a fan module.

Inside, a pair of galvanized profile rails with 483 mm (19") height units is installed, which are also adjustable in depth. A further pair of profile rails can be retrofitted. The robust steel construction is made of high-quality sheet steel and is available powder-coated in black (RAL 9005).

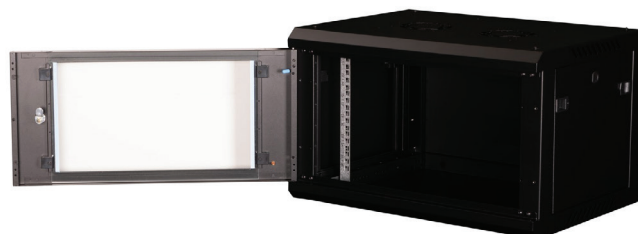

The side panels are fitted with a quick-release fastener and are removable, which makes them much easier to access during operation. Locks can be integrated into the side panels as an option. Wall mounting is carried out in two simple steps: First the rear panel is attached to the wall, then the housing is mounted.

Optionally, leveling feet or castors can be attached so that the housing can also be used free-standing.

- Load capacity: 80 kg
- Front door made of tempered glass, lockable
- Side panels are fitted with a quick-release fastener and can be removed
- Roof with cut-out for fan modules
- Cable feed possible on roof and base
- Ventilation slots for passive ventilation and air extraction
- Incl. fastening material
- Protection class: IP20
- Delivery: Kit

NEWSSHOP – New Products

ROLINE 10-Inch Wall Housing Basic

With the compact 10-inch solutions from the ROLINE Basic series, you can install your network where you need it. The wall-mounted enclosures are available in three different height units (6U, 9U, 12U). Each enclosure consists of a robust steel construction made of sheet steel up to 1.5 mm thick.

Characteristics:

- Load capacity: 30 kg
- Front door made of tempered glass, lockable
- 1-point locking system on the front door
- Side panels are lockable and removable
- Incl. earthing bolt on the base
- Roof and base with cable routing
- Ventilation slots for passive ventilation and extraction
- Colour: Light grey, RAL 7035 or Jet black, RAL 9005
- IP protection class: IP20
- Mounted: Yes

The ROLINE Basic series offers a versatile selection of 10-inch wall-mounted enclosures in various height units from 6 U to 12 U and in the colours grey (RAL 7035) and black (RAL 9005).

ROLINE 19-Inch Wall Housing Pro „two-part swivelling“

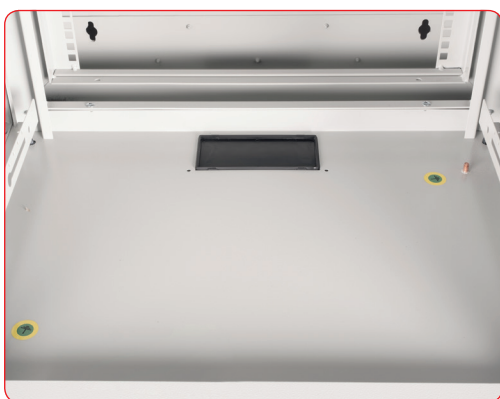

The ROLINE Pro series wall-mounted enclosures have been specially designed for flexible network cabling. Thanks to the integrated hinge in the rear frame allows the enclosure to be folded to the side if required. Each enclosure has a sliding cable inlet with a foam rubber seal in the roof. Each enclosure consists of a robust steel construction made of up to 1.5 mm thick sheet steel and is electrostatically powder-coated in the standard colours grey (RAL 7035) and black (RAL 9005).

Characteristics:

- Load capacity: 80 kg
- Front door made of tempered glass, lockable
- 1-point locking system on the front door
- Housing is connected to the rear frame with a separate lock
- Cable feed at the rear and base
- Side panels are lockable and removable
- Roof with cut-out for fan modules
- Ventilation slots for passive ventilation and extraction
- incl. mounting material
- Colour: Light grey, RAL 7035 or Jet black, RAL 9005
- IP protection class: IP20
- Mounted: Yes

NEWSSHOP – New Products

ROLINE 19-Inch Server Cabinets Pro

Front door made of 70% perforated steel

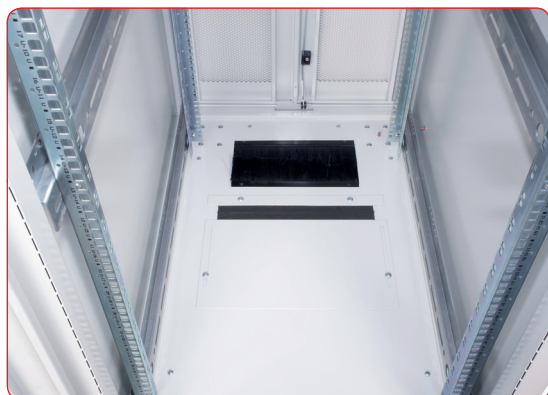

Double-leaf rear door

Removable side panels

Front door with swivel lever handle

Base plate with slide-on cable inlet

Roof with cut-outs for ventilation

ROLINE 19-Inch Server Cabinets Pro

The server cabinets in the ROLINE Pro series have been specially developed for convenient and flexible network cabling. Each cabinet consists of a robust steel construction with a material thickness of up to 2.0 mm. The door hinge can also be changed. The entire construction can be dismantled, meaning that the cabinets can be completely removed if required.

Characteristics:

- Load capacity: 1000 kg
- Front & rear doors made of 70% perforated steel
- Front door in perforated or glass area with outward curvature
- Front door with 4-point locking and rear door (double-leaf) with 3-point locking
- Side panels are lockable and removable
- 4 levelling feet, lockable castors
- Base with slide-on cable inlet
- Roof with cut-out for fan modules, incl. perforated cover
- Colour: Light grey, RAL 7035 or Jet black, RAL 9005
- IP protection class: IP20
- Mounted: Yes

ROLINE 19-Inch Shelf 1 UH, Extendable, 350 D, < 25 kg

The pull-out shelves can be easily mounted on the four 19" profile rails of your 19" cabinets. They are made of sturdy, perforated metal with a high load-bearing capacity and therefore provide an ideal storage surface for your components. A handle included in the scope of delivery can be attached to make it easier to pull out the shelves. The shelves are available in grey (RAL 7035) and black (RAL 9005).

ROLINE 19-Inch Shelf, 1UH, < 50 kg Load

The permanently installable shelves can be easily attached to the four 19" profile rails of your 19" network or server enclosure. They are made of sturdy, perforated sheet metal and have a load capacity of up to 50 kg, making them the ideal storage surface for components that cannot be installed in 19" racks. The mounting rails can be adjusted as required.

ROLINE 3-in-1 Magnetic Wireless Charging Stand for Apple / Samsung Mobile Devices, 15W

Wireless Charging Stand for charging Qi-compatible Smartphones - the coil in the charger allows the device to be charged very quickly with up to 15W.

- Charges a compatible Apple / Samsung smartphone / smartwatch / earbuds or other suitable Qi device with up to 15 W of power
- Input power: 5V/3A, 9V/2.2A
- Plug & Play- no driver required
- E.g. for use in the office or at home
- Cable length approx. 150 cm
- Material: aluminum (stand)
- Color: silver & darkgrey

Qi wireless charging: Qi is an interface standard for inductive power transmission (wireless charging) of the „Wireless Power Consortium“. Inductive charging requires two devices, a receiver (such as an iPhone 8/X) and a transmitter (charging station). The current is transmitted via coils that generate a magnetic field. The smartphone can absorb energy via this magnetic field and thus charge the integrated battery.

- Contents: Magnetic Wireless Charger, USB C-C Charging Cable, User Manual
