This HDMI to VGA + Audio Adapter enables you to connect your notebook, laptop or PC with HDMI output on displays with a VGA input - and it also supports audio.

- Ideal for projectors, presentations or any other audio/visual project you may have
- Supports both video and audio
- The audio signal from the HDMI source is transmitted to the audio input via a 3.5mm plug
- The cable adapter is equipped with a MicroB USB port to connect to an USB power source (connection required)
- Maximum resolution: 1920 x 1080 (1080p)
- Colour: black
- Total length: around 23 cm

Note: this adapter only works in one direction - from HDMI to VGA
