Designed for Professionals

2K

1080p
FULL HD

DisplayPort to VGA cable adapter for connecting a graphics card with DP to a monitor with VGA connector - with a resolution of up to 1920x1080 / 1920x1200 @60Hz!

- For connecting a graphic card with DisplayPort connector to a VGA monitor by using a VGA M-M cable
- Connectors: DisplayPort Male and VGA Female
- Cable length: ca. 10 cm
- Remark: The DisplayPort-VGA adapter is only working in one direction: the DisplayPort plug has to be connected to the source device (e.g. graphic card)

What are the benefits of using Active adapters and converters?

Active products can have a huge advantage when working with long cable runs and video conversion applications. In terms of video converters, active units generally have hardware inside to improve your image.

Technical specifications
