| <b>EAN (single piece)</b> | 7630049628137 |

## Type2 charging cable for electric and hybrid cars with 22 kW, 3-phase, 480 V AC

- Enables easy / fast charging at public charging stations and private wall boxes (wallbox)
- Suitable for charging electric and hybrid vehicles
- Mode 3 / Type 2 car charging cable
- Connections: Type 2 on both sides
- For all electric cars with type 2 connection
- Ergonomically shaped plug and coupler
- Moisture protection (IP65 - connected state, IP54 - unconnected cable with protective caps attached)
  
- 32 A / 3- phase (480 VAC)
- Max. Charging power: 22 kW

### Technical specifications

|                   |                                    |
|-------------------|------------------------------------|
| Manufacturer      | ROLINE                             |
| Product group     | Power Cables                       |
| Product type      | Electric car charging cable        |
| Colour            | black                              |
| Length            | 5 m                                |
| Scope of delivery | E-car charging cable, carrying bag |

|                                    |  |
|------------------------------------|--|
| Charging power                     | 22 kW                                  |
| Current                            | 32 A                                   |
| Number of phases                   | 3-phase                                |
| Supported charging technology      | Mode-3                                 |
| Side 1 Connector Type              | IEC 62196-2 Type 2 (VDE-AR-E 2623-2-2) |
| Side 1 Connector Gender            | Male                                   |
| Side 2 Connector Type              | IEC 62196-2 Type 2 (VDE-AR-E 2623-2-2) |
| Side 2 Connector Gender            | Female                                 |
| Cable LSOH                         | flame retardant                        |
| Protection class (IP Code)         | IP65<br>IP54                           |
| Mains connection                   | IEC 62196-2 Type 2 plug, 3Ph.          |
| Operating temperature min.         | -30 °C                                 |
| Operating temperature max.         | 50 °C                                  |
| Height                             | 40 mm                                  |
| Width                              | 390 mm                                 |
| Depth                              | 390 mm                                 |
| Weight                             | 2.6 kg                                 |
| Height of packaging (single piece) | 100 mm                                 |
| Width of packaging (single piece)  | 370 mm                                 |
| Depth of packaging (single piece)  | 370 mm                                 |
| Package weight (single piece)      | 3.5 kg                                 |
